12 How to try it

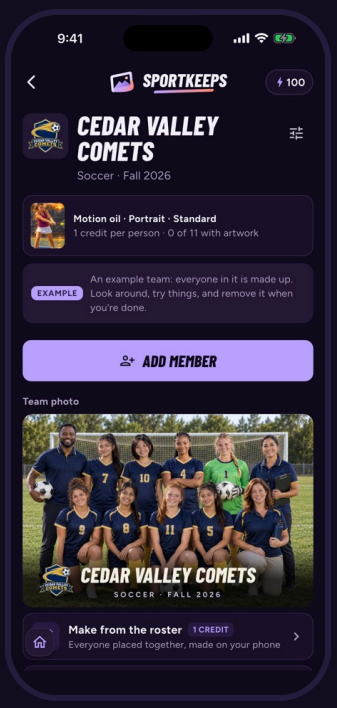

Every person pictured is made up: the examples come from SportKeeps' sample teams and sample photos.

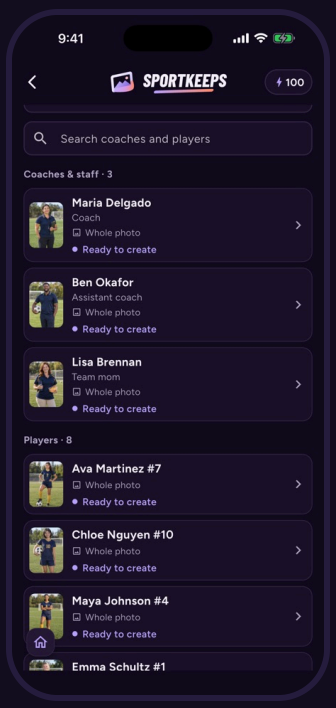

01 · TEAMS

BUILT AROUND YOUR TEAM

Set up a team once and every keepsake uses it. No retyping names, no matching colours by hand.

- **The roster:** players, coaches and team parents, with names, numbers and roles. Type the whole roster first and add photos later.
- **The look:** team name, sport, season, logo and team colours.
- **Sponsors:** names and logos, saved for every banner.
- **One style for everyone:** pick the team's art style and the whole roster matches.
- **Example teams** to download and explore before you set up your own.

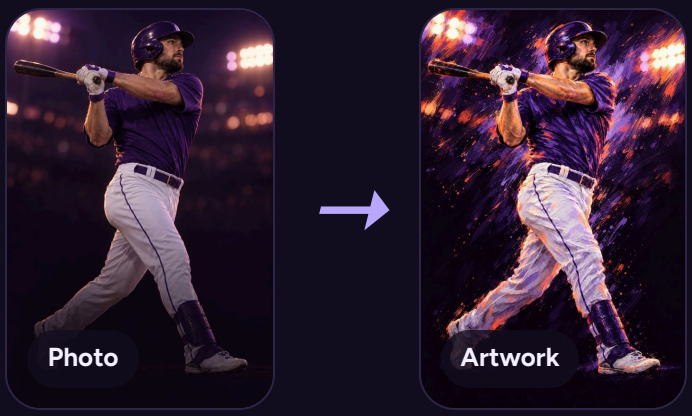

02 · ARTWORK

ANY PHOTO, 59 STYLES

Choose a sports photo and SportKeeps repaints it in the style you pick, keeping the people, faces and gear.

- **59 styles** in seven families: paint, prints & drawing, abstract, studio, bold & digital, classic, sculpture & craft.
- **Frame it first:** zoom in on the moment, or take a frame from a video.
- **Choose who's in it:** leave anyone out of a group photo.
- **Portrait, landscape or square**, in Standard, HD, 4K or 8K (posters up to 24 × 36 in).
- If an artwork doesn't work, **your credit comes back**.

From **1 credit** · about a minute

Watercolour | Oil painting | Pop art | Comic book | Neon lines | Stained glass

6 of the 59 styles, shown on sample photos.

03 · ACTION SHOTS

FROM EVERYDAY PHOTO TO GAME-DAY MOMENT

From one ordinary photo, a new, realistic sports photo of that person in the action: a bicycle kick, a dunk, a home-run swing.

- **You choose** the sport, the action and the setting, or tap **Surprise me** for something new every time.
- **Pick the mood:** natural, focused, fierce, joyful or determined.
- **Up to 3 team members** together in one shot.
- **Add face photos** from other angles so it looks more like them. You see it first, then decide whether to save it.

The size's credits **+1** for one person, **+2** for two or three

04 · CARDS & POSTERS

A TRADING CARD FOR EVERY PLAYER
